Marion County Democratic Convention.

The Democrats of Marion County will meet on Saturday, June 19, 1898, at the Court-house, for the purpose of nominating candidates for County Officers, and appointing Delegates to the Congressional Convention.

UNITED STATES LAWS.—See fourth page of the Sentinel.

The United States Grand Jury resumes to-day.

The Black Republican State Central Committee meets in this city to-day.

Before the Mayor to-day there were one or two cases of intoxication.

Conway, on the charge of larceny, was acquitted in the Marion Circuit Court yesterday.

The city is filled with visitors. The Palmer, the Bates, the Tremont, the American and other Hotels are thronged.

Forty-five cents per gallon was the price of strawberries, yesterday. A daily decline is chronic.

Building is now pushed with activity throughout the city. The weather, at last, has become favorable.

The ladies of the Plymouth Congregational Church gave a festival to the public, in the Senate Chamber, last night.

To-morrow evening the ladies of the Fourth Presbyterian Church give one of their pleasant social entertainments.

Schools' Patent Refrigerators are offered for sale by Jacob Lindley, No. 16 West Washington street. See advertisement.

The stone-masons have actively begun work on the basement walls of the United States Court-house, Pennsylvania street.

Messrs. Darby & Wilkins, No. 31 Illinois street, receive constantly the freshest of fruits, tropical and native.

Go to PERKINS' for all the late newspapers and periodicals of the day published throughout the Union. His store is No. 1 Odd Fellows' Hall.

The grand procession of persons in attendance upon the National Division Sons of Temperance moves through the principal streets of the city this afternoon.

The Grand German Musical Convention next week in Indianapolis, will be one of the most extraordinarily brilliant of all gatherings which have ever taken place in Indiana.

A horse kicked up his heels yesterday afternoon, and knocked in the corner of the Palmer House fence, Illinois street, with the wheels of his vehicle. None of the bystanders could estimate the damage.

The Festival of the ladies of Christ Church, at Masonic Hall, on Tuesday night, was a happy affair. The Indianapolis Greys' Band never discoursed more brilliant music. A delightful concert and a gay and joyous party were combined.

Last night the gallant boys of the Marion Fire Company, together with their fair friends, greeted their visitors on one of the happiest of occasions. Their festival was a triumph for them. Quite an amount, we understand, was realized toward the object thereof—the purchase of a new engine.

Runaway.—Yesterday morning, a fractious horse, hitched to a splintered new buggy, just out of Gaston's manufactory, took a start on Illinois street. He ran and kicked, and kicked and ran, smashing the vehicle into kindred. In the vicinity of the corner of Washington street, some ladies narrowly escaped the heels of the animal.

Bennett Bryant, against whom is pending a charge of assault with intent to kill, and on which a trial and conviction have already been had in the Marion Circuit Court, was admitted to bail yesterday in the sum of \$6,000. Bryant escaped before the rendition of the verdict, and, therefore, will undergo a second trial.

At the East market, yesterday morning, there was something of a trouble. Words had passed between two butchers, when several picked in, and the melee became threatening. No serious damage, however, resulted. Some of the parties were heard before Esquire Coulton in the morning, and some before Mayor Maxwell in the afternoon. Fines were imposed.

The attention of the Street Commissioner is called to the condition of the walls along Fugate's Run, in the vicinity of East street. By his constant neglect they are about tumbling down. If we mistake not, the City Council some time since passed a resolution calling for his immediate activity in this respect. Let him bestir himself before it becomes too late to repair without a heavy outlay by the city.

ON THE SQUARE.—We have quite a number of squares in our city—scarcely one entirely square—probably none more so than the square on which Odd Fellows' Hall is situated, which is by far the most public in the city. Perme will shortly issue engravings of the entire country and intends that its exact location, but realize the beauty of its buildings, the benefits of doing business there, and the superior advantages which offer for obtaining every variety of books and stationery.

UNITED STATES DISTRICT COURT.—Yesterday Le Boute, charged with passing counterfeit coin, was put upon his second trial. Frank Lane, Esq., of Lafayette, appeared for him. The proceedings consumed the morning. At half-past two o'clock in the afternoon the jury rendered a verdict of not guilty, and Le Boute was immediately discharged from custody.

This is the second acquittal of the many arraignments of the present term. The other was Anderson, of Lafayette, also defended by Mr. Lane. This gentleman is winning a reputation for himself, as a criminal lawyer, which ranks him among the foremost.

To-day, probably, the case of Mrs. Becker and Miss Mason, of Lawrenceburg, both charged with counterfeiting, will be reached.

GARBER IN TOWN.—Honorable Michael C. Garber, the venerable chairman of the Republican State Central Committee, arrived in town yesterday, looking as fresh and rosy as the most zealous disciple of Bourbon. We understand that it took two cars to bring this embodiment of Republicanism from the foot of the inclined plane. Garber has come over from Madison to "fix up" the Republican party generally. We have no doubt but he, and Dawson and Heilacher will get it into pretty much of a "fix."

We understand that he has the freedom of the saloons while in the city, and with Heilacher, is pledging that the Republican candidates for the Supreme Bench are in favor of free whisky. The Honorable Mr. Garber stops at either the Bates House or the Uncle Sam Saloon, both on Illinois street, but which we are not advised. We would caution Mr. Garber to be a little prudent while in town, as the Republican Mayor and officials are enforcing the city statutes against drunkenness and vagrancy, but on account of political sympathy they may overlook his case, if an exigency should arise.

A social entertainment will be given to the officers and members of the National Division of North America, by the Sons of Temperance of Indianapolis, this (Thursday) evening, at Masonic Hall. A splendid supper will be set and ample accommodations for all. The City Greys' Band will be in attendance, together with an excellent Glee Club. Speeches will be made by several of the most prominent Temperance men in the Union. All are invited. Tickets, fifty cents.

DEMOCRATIC SUPPER.—Colonel Henry Achey, distinguished alike for his knowledge of gastronomy and his genial humor, gave an epicurean supper to a few Democratic friends, on Tuesday evening. Suffice it to say, all the delicacies of the season loaded his tables—such as frogs, spring chickens, fish, sweet breads, strawberries, ice cream, etc.—served up by an adept in the art of cookery. It was a feast of good things—an act which will bear frequent repetition. Prosperity and long life to the Colonel.

LOOK OUT!—The thieves who have been recently carrying off brick in the vicinity of the corner of Market and Pennsylvania streets had better henceforth desist. They are watched. Already Mr. George Durham has lost some 4,000 or 5,000. He is determined not to lose any more, if he can help it.

PURE CATAWBA BRANDY.—Motherhead & Cox, No. 18 East Washington street, are in receipt of a consignment of G. Simmonds' brand of pure Ohio Catawba Brandy. It is, perhaps, the only unadulterated brandy in the country, and is specially valuable for medicinal purposes.

CELEBRATION OF THE SONS OF TEMPERANCE.—ORDER OF THE DAY.—The National Division of North America and the Grand Division of Indiana will meet at Temperance Hall, Washington Division, No. 10, at College Hall, Marion Division, No. 76, at Wright's Hall, Marion Division, No. 2, Cadets of Temperance, at Military Hall.

All the above organizations will assemble at the places designated at one o'clock P. M. precisely, and under the charge of the Assistant Marshals, will leave punctually at half-past one o'clock, and march directly to the Circle, where the grand procession will be formed, and ready to move at two o'clock.

The procession will march east on Market street to East street, south on East to Washington, west on Washington to West, north on West to State Fair Grounds, where the speaking will take place. After which the procession will again be formed, and march east on Ohio street to Illinois, south on Illinois to Washington, east on Washington to Temperance Hall, and then to Military Hall and leave the Cadets of Temperance, then to College Hall and leave Washington Division, then Marion Division will proceed to Wright's Hall.

All who wish to hear the addresses from General S. F. Cary and others, will assemble at the Fair Grounds at three o'clock P. M. The ladies are particularly invited to attend.

ORDER OF PROCESSION.

1. City Greys' Band. 2. Cadets of Temperance. 3. Marion Division, No. 76. 4. Washington Division, No. 10. 5. Grand Division of Indiana. 6. National Division of North America. 7. Mayor, Clergy, Speakers and others.

THOS. A. MORRIS, Grand Marshal.

J. C. Bennett, C. P. Pence, H. J. Laidley, Geo. Anderson, R. F. Patterson, Assistant Marshals.

[From the Cincinnati Gazette.]

Bank of the Capital, Indianapolis.

We notice, in your issue of to-day, a card signed by Isaac Coffin, denying that he made the statement ascribed to him in the published report of the proceedings of a meeting of the directors of the Bank of the Capital, held May 27th.

In reference to the matter, we beg leave to state that we were present at the meeting, and that Mr. Coffin professed to give a full statement of the condition of the Bank—its financial assets, as well as its liabilities. He stated that though a statement, taken from the books of the Bank by a committee of depositors soon after the assignment, shows assets exceeding the liabilities, yet many of the assets named never came into his possession—a number of notes specified and did state that he "considered the whole little better than a swindle" (in which opinion we concur) adding that if he had suspected its condition, he would never have consented to have the same signed, and would now willingly give \$500 to be released from it.

INDIANAPOLIS, June 7, 1898.

DISTRICT ATTORNEY VOORHEES.—Since it became necessary to remove Judge Hovey from his Attorneyship, we are pleased to see that one so competent and faithful as Mr. Voorhees was appointed. We have observed his ability and success in the State cases now in progress with much pleasure. If all our courts had such a prosecutor, crime would diminish one-half in five years.—Indiana American, Republican.

MASTER BARBOUR.—Marshall Robinson never did a more sensible thing than to appoint Master Barbour, a lad of some thirteen years, heir to the Greys' Band. His manly bearing and gentlemanly deportment commend him to both jury and bystanders. He is a son of Dr. Barbour, of this city, and nephew to John L. Robinson.—Indiana American, Republican.
